### The State of New Hampshire Town of Langdon Town Warrant

To the inhabitants of the Town of Langdon, County of Sullivan, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Langdon on Tuesday, the thirteenth day of March, at ten of the clock a.m. until seven p.m. Regular business meeting will commence at seven p.m.

Article 1. To choose all necessary officers for the ensuing year.

Article 2. Are you in favor of amending the Building Code by amending Section 11,B,2 to increase the maximum height for buildings from 26 to 35 feet in height.

This amendment is submitted by the Selectmen and has the approval of the Planning Board. A copy of the proposed amendment is available in the Town Clerk's office.

Article 3. Are you in favor of amending the Building Code by amending the following fees in the building code:

Driveway Permit will become Fifty Dollars (\$50) and commercial/industrial temporary driveways will become One Hundred Fifty dollars (\$150) non-refundable.

This amendment is submitted by the Selectmen and has the approval of the Planning Board. A copy of the proposed amendment is available in the Town Clerk's office.

Article 4: To see if the Town will vote to raise and appropriate the sum of Four Hundred Thousand Dollars (\$400,000) to construct a new fire station, make renovations to the former Baker Building, and make repairs to the Town Hall. Monies to be raised through the issue of a 10-year bond or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33); to authorize the Selectmen to issue and negotiate such bonds or notes, to determine the rate of interest thereon and the maturity and other terms thereof; to authorize the Selectmen to invest said monies; to authorize the Selectmen to take any other action or to pass any other vote relative thereto. Passage requires a two-thirds ballot vote.

Passage requires a two-thirds ballot vote, by paper ballot.

The Selectmen recommend this appropriation.

Article 5. To see if the Town will raise and appropriate the sum of Five Hundred Thirty-Six Thousand Dollars (\$536,000) for the general operating expenses of the Town. This article does not include special or individual articles addressed.

The selectmen recommend this article.

Article 6. To see if the Town will vote to increase the salary for selectperson by One Thousand Dollars (\$1,000). This raise will be phased in over three years and members currently serving will not receive this raise until they are re-elected.

Article 7. To see if the Town will vote to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000) for the purpose of sealing Crane Brook Road, Cheshire Turnpike and Old Drewsville Road.

The Selectmen recommend this article.

Article 8. To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500) for the Capital Expenses of the Fire Department.

The Selectmen recommend this article.

Article 9. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000) for the Capital Expenses of the Police Department.

The Selectmen recommend this article.

Article 10. To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500) for the purpose of acquiring computer equipment for the Town office.

The Selectmen recommend this article.

Article 11. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be added to the Highway Equipment Capital Reserve Fund previously established.

The Selectmen recommend this article.

Article 12. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be added to the Police Equipment Capital Reserve Fund previously established.

The Selectmen recommend this article.

Article 13. To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500) to be added to the Cemetery Land Capital Reserve Fund previously established.

The Selectmen recommend this article.

Article 14. To see if the Town will vote to raise and appropriate the sum of Three Thousand Eight Hundred Dollars (\$3,800) for the purpose of erecting a fence around the new section of the upper cemetery and to authorize the withdrawal of Three Thousand Eight Hundred Dollars (\$3,800) from the Cemetery Fence Capital Reserve Fund previously established.

The Selectmen recommend this article.

Article 15. To see if the Town will vote, to increase the income and asset limits for the Elderly Property Tax Exemption, to become effective April 1<sup>st</sup> 2007, as follows:

Income Assets
Single \$20,000 (Currently \$13,400) \$50,000 (Currently \$35,000)
Married \$27,000 (Currently \$20,400) \$50,000 (Currently \$35,000)

The Selectmen recommend this article.

Article 16. To see if the Town will vote to establish, pursuant to RSA 673:I, II, a Heritage Commission and choose the number of members (not less than three, no more than seven), all of whom shall be residents of Langdon, for the proper recognition, use and protection of resources, tangible or intangible, primarily man-made, that are valued for their historic, cultural, aesthetic or community significance within their natural, built or cultural context, and to exercise the powers set forth in RSA 674:44-b and as otherwise provide by law.

The Selectmen recommend this article.

Article 17. To transact any other business that may legally come before this meeting.

Article 18. To allow accounts.

Given under our hands and seal this 26<sup>th</sup> day of February in the year of our lord, two thousand and seven.

Langdon, NH February 26th, 2007

# The State of New Hampshire Town of Langdon Town Meeting March 14, 2006

The polls were closed at 7:05 pm, after which the meeting was called to order. Moderator Jeffrey Holmes led those assembled in the Pledge of Allegiance.

Article 1. To choose all necessary officers for the ensuing year.

SELECTMAN FOR THREE YEARS
Robert Cunniff 178 Votes

FIRE CHIEF FOR ONE YEAR
Gregory Chaffee 181 Votes

SEXTON FOR ONE YEAR
Charles T. Grout Sr. 177 Votes

MODERATOR FOR TWO YEARS

Jeffrey Holmes 176 Votes

TRUSTEE OF TRUST FUNDS FOR THREE YEARS
Kathryn Gallagher 176 Votes

TRUSTEE OF TRUST FUNDS FOR THREE YEARS
Mary Henry 138 Votes

SUPERVISOR OF THE CHECKLIST FOR SIX YEARS Helen Koss 14 Votes (Write-in)

Article 2: To see if the town will raise and appropriate the sum of two hundred twenty thousand dollars (\$220,000) for the purchase of a 2006 International Harvester Fire Engine with a 1,000 GPM Pump and 1,000 gallon water tank; to authorize the withdrawal of one hundred thousand dollars (\$100,000) from the capital reserve fund previously established for the purchase of fire equipment; and to authorize the issuance of not more than ninety thousand (\$90,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33); to authorize the Selectmen to issue and negotiate such bonds or notes, to determine the rate of interest thereon and the maturity and other terms thereof; to authorize the Selectmen to invest said monies; to authorize the Selectmen to take any other action or to pass any other vote relative thereto. Passage requires a two-thirds ballot vote.

Shelly Barnes moved that the article be accepted. The motion was seconded by Don Martin.

There was a discussion about how much money was actually going to have to be raised through taxes due to a number of people being confused by the language in the article. Selectman Cunniff walked those present through the town's proposed payment plan. It was noted that the town has not yet spoken with lenders regarding the term of the bond or note, and therefore could not provide specific information regarding potential interest rates and other data. Fire Chief Greg Chaffee talked about the new truck and said that it will be similar to the old truck, with few if any "bells and whistles." Byron Niles asked what will happen to the old truck; Chief Chaffee responded that it will likely be kept as a tanker because the town probably wouldn't get much money for it.

Those present then moved to vote on the article by ballot. The period for voting remained open until 8:05 pm.

BY BALLOT 87 YES 12 NO

**Article 3.** To see if the Town will raise and appropriate two hundred thirty-four thousand seventy-nine dollars (\$391,479) for the following purposes:

a.	Town Officers Salaries	\$19,500
b.	Town Officer's Expenses	\$27,500
c.	Election and Registration	\$2,000
d.	Revaluation of Property	\$1,300
e.	Legal Expenses	\$6,500
f.	Planning and Zoning	\$2,000
g.	General Government Buildings	\$18,000
h.	Cemeteries	\$5,000
i.	Insurance	\$23,000
j.	Regional Associations	\$1,500
k.	Police	\$26,500
1.	Fire	\$22,000
m.	Ambulance	\$9,979
n.	Solid Waste	\$60,000
0.	Dog Control	\$1,000
p.	Health Services	\$2,300
q.	Welfare	\$5,000
r.	Alstead Food Shelf	\$1,700
S.	Library (Shedd-Porter)	\$1,100
t.	Memorial Day	\$200

Shelly Barnes moved that the article be accepted, and was seconded by Bud Ross.

Selectman Cunniff opened discussion of the article by saying that there were two mistakes present. The first error was that the total of all the appropriations was incorrect, and the second was that monies for the School Resource Officer and the repair and renovation of town buildings had been inadvertently omitted. It was noted that the total

for appropriations should have been \$307,079, including \$56,000 for the SRO and \$15,000 for the repair and renovation of public buildings. It was proposed that article be amended to reflect the change in the total, and to add the SRO as bullet "u" and the building monies as bullet "v." The amendment to the article passed by voice vote and the article was then accepted as amended.

There was a brief discussion regarding the difference in the funds for general government buildings versus the repair and renovation bullet, with Selectman Cunniff explaining that the general category is for things like electricity and fuel oil costs, while the newer category was created to tackle specific projects, including the installation of fire alarms and other safety features needed at the Baker Building. It was also noted that the town did not spend the \$60,000 budgeted in 2005 for the repair and renovation of public buildings.

#### ARTICLE THREE PASSED UNANIMOUSLY WITH VOICE VOTE

**Article 4.** To see if the town will vote to raise and appropriate the sum of two hundred thousand dollars (\$200,000) for the maintenance of highways and bridges. The State of New Hampshire to furnish approximately fifty-two thousand four hundred dollars (\$52,400) in State Aid. The Town will raise the balance. (Approximately one hundred forty-seven thousand six hundred dollars (\$147,600)).

Helen Koss moved to accept the article and was seconded by Fred Roentsch. Mr. Roentsch then asked that the article be moved and discussed after Article 15.

A voice vote approved the move of the article and discussion was suspended until later in the meeting.

**Article 5.** To see if the town will vote to raise and appropriate the sum of one thousand two hundred dollars (\$1,200) for the Capital Expenses of the Fire Department.

Shelly Barnes moved that the article be accepted and was seconded by Scott Bardis.

Fire Chief Chaffee discussed the Fire Department's plans to purchase voice boxes to go with the new masks purchased using a grant through FEMA.

#### ARTICLE FIVE PASSED UNANIMOUSLY WITH VOICE VOTE

**Article 6.** To see if the town will vote to raise and appropriate the sum of two thousand dollars (\$2,000) for the Capital Expenses of the Police Department.

Shelly Barnes moved that the article be accepted. Keith Short seconded the motion. There was no discussion of the article.

#### ARTICLE SIX PASSED UNANIMOUSLY WITH VOICE VOTE

Article 7. To see if the town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) for the Highway Equipment Capital Reserve Fund previously established.

Jennifer Doyle made a motion to accept the article and was seconded by George Whipple. There was no discussion of the article.

#### ARTICLE SEVEN PASSED UNANIMOUSLY WITH VOICE VOTE

**Article 8.** To see if the town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) for the Police Equipment Capital Reserve Fund previously established.

Katie Ross moved that the article be accepted and was seconded by Greg Chaffee.

There was a brief discussion, with Police Chief Ray L'Abbe explaining that the money is being put away in small amounts for the eventual purchase of new police vehicles.

#### ARTILCE EIGHT PASSED WITH VOICE VOTE

**Article 9.** To see if the town will vote to raise and appropriate the sum of two thousand five hundred dollars (\$2,500) for the Cemetery Land Capital Reserve Fund previously established.

Don Martin made a motion to accept the article and was seconded by Helen Koss.

The discussion centered on the town's need to, at some point in the future, acquire additional land for use as a cemetery.

#### ARTICLE NINE PASSED WITH VOICE VOTE

**Article 10.** To see if the town will vote to raise and appropriate the sum of five hundred dollars (\$500) for the Cemetery Fence Capital Reserve Fund previously established.

Shelly Barnes moved that that the article be accepted. Don Martin seconded the motion.

A question was asked as to whether or not the town is going to be taking any action regarding the building of a cemetery fence. Selectman Cunniff explained that the cemetery land behind the village needs to be fenced as a matter of state law, and it is just a matter of setting enough funds to do so properly. It was also noted that the town has been seeking volunteers to serve on a Cemetery Committee so that certain issues, including the fence, can be addressed.

#### ARTICLE 10 PASSED WITH VOICE VOTE

**Article 11.** To see if the town will vote to raise and appropriate the sum of thirty thousand dollars (\$30,000) for the Fire Department Capital Reserve Fund previously established. (To be passed over if Article 2 is approved.)

Shelly Barnes moved to accept the article and was seconded by Helen Koss. It was agreed to pass over the article until the ballots from Article 2 could be counted.

#### ARTICLE ELEVEN WAS PASSED OVER

**Article 12.** To see if the town will vote to raise and appropriate the sum of twenty-seven thousand seven hundred dollars (\$27,700) for the reappraisal of property. (Reappraisal required by State of NH)

Polly Bancroft made a motion to accept the article. She was seconded by Jennifer Doyle.

There was concern expressed about the implications a revaluation of property would have on taxes. Selectman Cunniff explained that the town does not have a choice in the matter; DRA is requiring the revaluation and could force the town's hand if the funds are not approved by the taxpayers. Selectman Revilla explained that Langdon will be doing the revaluation using a statistical approach, which is the most budget-friendly way of doing it, and that the town would do another revaluation in five years.

Kathie Beam asked how properties will be chosen for review. It was explained that properties will be chosen at random, but that the assessing firm will also be checking building permits and other data to ensure fairness. Shelly Barnes questions the overall fairness of a revaluation, citing the recent spike in the real estate market. Selectman Cunniff responded that every town now has a revaluation year, and that 2006 just happens to be Langdon's year. Selectman Revilla noted that the entire process is really just a large audit of all of the town's property records. It was further noted that the funds listed in Article 3 are for the yearly pick-ups.

#### ARTICLE TWELVE PASSED WITH VOICE VOTE

**Article 13.** To see if the town will vote, in light of the upcoming property reappraisal, to increase the Elderly Exemption, based upon assessed value, to become effective April 1<sup>st</sup> 2006, as follows:

Ages 65-74 \$ 25,000 assessed value (Current = \$15,000) Ages 75-79 \$ 50,000 assessed value (Current = \$30,000) Ages 80+ \$100,000 assessed value (Current = \$60,000)

Jennifer Doyle moved that the article be accepted. Selectman John Revilla seconded the motion.

Byron Niles asked what the requirements are to receive the elderly tax exemption. It was explained that there are stringent requirements, in terms of income and assets, which

must be met before the exemptions can be granted. It was also noted that, because the requirements are so limiting, very few people actually qualify.

#### ARTICLE THIRTEEN PASSED WITH VOICE VOTE

**Article 14.** To see if the town will vote to retain ownership of the Baker Building on Rt. 12-A, and furthermore direct the Selectmen in cooperation with the building committee to develop a plan:

- 1. for continuing conversion for town use,
- 2. for town use of the gravel on the site and reclamation of the grounds,
- 3. for active solicitation of tenants for excess space.

The Selectmen will report back to the 2007 Town Meeting with a plan to accomplish the above.

Shelly Barnes moved that the article be accepted. The motion was seconded.

Rodney Campbell spoke about the mandate of the Building Committee, explaining that it was formed to investigate the space requirements of the town's various departments. He said that the original committee was formed and met several times before it became clear that greater diversity was needed. A larger committee was formed in November 2005, and began hashing out details. The committee also agreed that that the town's existing facilities are "sadly inadequate" and began investigating different scenarios for addressing the same. Mr. Campbell said that the committee agrees that for the short term (if not permanently) the town should retain ownership of the Baker Building. He noted that later in the evening an advisory vote was to be asked for in order to determine the direction that the townspeople want to take. He added that Town Hall needs a lot of work, but that there are options for the property and said that, "we are at a crossroads; we have an opportunity to grow." Mr. Campbell said that he personally would recommend keeping the Baker Building for now while the committee researches and creates scenarios for the town's options.

Dave French asked for an explanation of the significance of the Baker Building, and said that he himself was "unsure" as to whether the town should move into the space on a permanent basis. Selectman Bob Cunniff responded that the idea of the article was to buy some time in order to create a plan and then have the taxpayers decide what direction the town should move in. He added that the board would like to be able to rent out space in the facility, as well as give the Building Committee adequate time to do thorough research.

Mr. French then moved to amend the article, and was seconded by Lark Leonard. He asked that the last sentence be changed to read "The Selectmen will report back to the 2007 Town Meeting with a plan to accomplish the above, and an alternative plan for continued retention of the town offices at the Town Hall and disposition by sale or lease of the Baker Building."

Dick Barnett then spoke about the reasons why he joined the Building Committee, and said that he wants to see the Town Hall taken care of. He added that the committee has looked at a lot of different scenarios, but never once talked about anything "permanent." Kim Mastrianni then asked for clarification of the amendment, and noted that leasing of space does not necessarily imply sale of the property. Peter Bancroft added that there are multiple options that will take time to sort out, but that the way the article was originally written made it seem as though it was already biased in one direction.

# THE AMENDMENT OF ARTICLE FOURTEEN WAS PASSED BY A SHOW OF HANDS (87 YES 12 NO)

The discussion about plans for the town's properties continued following the show of hands. Andrea Cheeney asked about the costs of maintaining and using the Baker Building. The Selectmen responded that there are few large projects planned for the property, with the majority of expenses to come from basic maintenance and some safety upgrades. Selectman John Revilla noted that the board had had the building inspected, and that most major systems are up to speed, with most "fixes" being maintenance related. Dick Barnett spoke about the potential for the town to generate rental income from the property. Helen Koss agreed, adding that there is more benefit in keeping the building than in selling it.

Selectman John Revilla then suggested that the article be further amended to read that the Building Committee will report back in 2007, rather than the Selectboard. Jennifer Doyle motioned to accept the amendment and was seconded by Selectman Clarence Koss. Shelly Barnes then proposed that that those present vote on the amended article, but continue discussion of it in Article 18.

Bart Centre, commenting on the proposed second amendment, said that he thought that the Selectmen should have input as elected representatives. He added that he thought the input of the board is valuable, and that perhaps they could report in tandem with Building Committee in 2007.

THE SECOND AMENDMENT OF ARTICLE FOURTEEN WAS PASSED BY VOICE VOTE

#### ARTICLE FOURTEEN PASSED AS AMENDED BY VOICE VOTE

**Article 15.** To see if the town will vote to direct the Selectman to hire a full time Road Agent with a start date of January 1<sup>st</sup>, 2007.

Don Martin made a motion to accept the article and was seconded by Keith Short.

Selectman Bob Cunniff opened discussion of the article by saying that the board needed the input of the taxpayers in determining what direction to take with the roads. Shelly Barnes said that, based on the figures available in a handout, it was not in the town's best interest to hire a full-time Road Agent. She added that she thought the same things being

done now could be accomplished on a part-time basis. It was noted that the aforementioned handout had been prepared by the Selectboard office, and that it broke down various costs associated with having a full-time Road Agent.

Wendy Mitchell spoke about the quality of Langdon's roads, noting that they are significantly better than in Alstead, where she typically drives her mail route. Kathie Beam noted that the position of Road Agent used to be elected, but was changed to an appointed position in 1988. She then asked if there are any available guidelines for the position, the answer to which was "not necessarily."

Keith Short asked how the estimates for a full-time employee were arrived at and also asked the board to explain why the Highway Department was \$50,000 over budget for the year. Selectman Clarence Koss explained the research that was done and how costs were averaged out to arrive at the figures presented to the townspeople. After the explanation, Mr. Short said he questioned the validity of the figures presented, noting that some of them were not significantly different when compared on a full-time versus part-time basis. The discussion turned briefly to the gravel behind the Baker Building and what the town plans to do with it.

Rob Chamberlain expressed the opinion that the issue of budget overages had not been addressed. Selectman John Revilla stated that in 2005 the summer season was exceptionally wet, there were across-the-board cost increases that the town had no control over, and that because of this it had eventually cost more to finish Walker Hill than originally anticipated. He added that the flood in October had also created unforeseen expenses for the town.

The discussion returned to a run-down of costs, with Selectman Clarence Koss noting that the scenario presented did not include provision for any part-time employees under the compensation scheme. Selectman John Revilla added that he had spoken to several Road Agents in Vermont regarding the number of employees needed to adequately maintain Langdon's roads.

#### ARTICLE FIFTEEN FAILED

Article 4. To see if the town will vote to raise and appropriate the sum of two hundred thousand dollars (\$200,000) for the maintenance of highways and bridges. The State of New Hampshire to furnish approximately fifty-two thousand four hundred dollars (\$52,400) in State Aid. The Town will raise the balance. (Approximately one hundred forty-seven thousand six hundred dollars (\$147,600)).

Don Martin made a motion to accept the article which was seconded.

The discussion opened with Kathie Beam inquiring about plans for Holden Hill. Selectman John Revilla said that the plan for the year is to pave from the end of the asphalt and up past Menton's Corner – a distance of approximately 1/8 of a mile. John Menton then asked for specifics on how far the pavement would extend, the response to

which was that it would not reach Greene Road. Shelly Barnes asked if the amount budgeted for the project should actually be \$80,000 rather than \$50,000 in order to account for the \$30,000 raised the year before. Keith Short said he had questions about the kind of stone being used, and also expressed concern regarding speeding issues.

#### ARTICLE FOUR PASSED BY VOICE VOTE

**Article 16.** To see if the town will vote to increase the salary for the Building Inspector from five hundred dollars (\$500) per year to one thousand dollars (\$1,000) per year.

Helen Koss motioned to accept the article and was seconded.

Selectman Bob Cunniff opened the discussion by saying there has been a lot of building activity in Langdon, and that there is a need to cover the Building Inspector's costs. He added that the proposed amount was probably not enough, but better than the original \$500 in compensation. There was as discussion about how many times properties are visited. Scott Bardis asked if the town assumes liability for codes, etc. being enforced. Fred Roentsch spoke up to say that contractors assume responsibility.

#### ARTICLE SIXTEEN PASSED BY VOICE VOTE

**Article 17.** To transact any other business that may legally come before this meeting.

The quilt raffle was won by M. Wade.

Shelly Barnes publicly thanked former Selectman Fred Roentsch for his many years of service on the Selectboard. A round of applause followed.

Article 18. To allow accounts.

The Selectmen presented invoices for their services to the town in 2005.

#### ARTICLE EIGHTEEN PASSED BY VOICE VOTE

The meeting adjourned at 9:15 pm.

Respectfully submitted, Jennifer L. Doyle Town Clerk Langdon New Hampshire March 17, 2006

#### Report of the Langdon Town Clerk Fiscal Year 2006

It was an extremely busy year in the Town Clerk's office. Revenue from registrations was up noticeably due to many new vehicle purchases by residents. This increase helped to offset less revenue collected from dog licenses and vital records. In addition to regular clerking activities, the office also oversaw three elections, continued to maintain the voter checklist, and oversaw various other permitting procedures throughout the course of the year.

Per the direction of the State of New Hampshire, Langdon along with all other towns implemented a new, electronic voting system in 2006. ElectioNet enables the tracking of voters and voter histories via a state-of-the-art program that enables all town and city clerks to connect with one another via a single database. Information on every Langdon voter was entered into the system in Spring 2006, and in August training on ElectioNet began. I attended several days of intensive ElectioNet training in Concord, followed by a separate training session pertaining to assisting voters with disabilities. As part of this last class, Langdon was provided with a new voting booth and equipment designed specifically to aid disabled people with the voting process.

Learning how to use both ElectioNet and the new voter accessible equipment, as well as the laws and procedures pertaining to both, has been a time consuming and sometimes frustrating endeavor. However, the flaws are slowly being worked out of the system and I am confident that we will have fewer issues to contend with moving forward. In the meantime, the patience and understanding of all the registered voters in Langdon is greatly appreciated.

#### Selectmen's Report 2006

As in previous years, there were many challenges involved in overseeing the Town's affairs. While we feel that we made many strides forward, there continue to be issues awaiting resolution. Following is a brief summary of some of the projects that came to the fore in 2006, as well new concerns that arose.

### Flood Work

Our collaboration with FEMA following the initial flood event of October 2005 came to an end in January 2006. While we were grateful for the funding we received to mitigate the initial effects of the flooding, we were well aware that there would be other issues to contend with throughout the year. In August, we began meetings with the United States Department of Agriculture and Natural Resources Conservation Service (NRCS) to address debris fields and stream bank instability left behind by the floodwaters.

Engineers from NRCS identified areas along Crane Brook, Great Brook and the Cold River above Vilas Pool for debris removal and bank stabilization. We participated in a number of site reviews to survey the scope of the work needed, and in September began the process of drafting contracts to put funding for the same in place. We were extremely fortunate to sign agreements whereby the Town would be responsible for only ten percent of the project costs; NRCS agreed to pay ninety percent of the costs after hearing our concerns that an undue hardship would be placed on taxpayers if the Town was required to cover the standard twenty-five percent share of expenses.

We began the process of applying for wetlands permits from the Department of Environmental Services in October. The first of our permits was finalized later that month, and we then began advertising for project bids. We reviewed each of the proposed project sites with the contractors and engineers in November. Unfortunately, it was shortly after this that we learned the Town would not be granted permission by landowners to access the section of the Cold River above Vilas Pool. We regretfully tabled that portion of the project and renewed our focus on the remaining reaches on both Great Brook and Crane Brook.

Debris removal work began in mid-December and was completed before the year was out. The structural components of the projects got underway just prior to Christmas, and were completed early in 2007. We are pleased to say that potential hazards from the debris fields have been eliminated, and that the removal of trees and repair of stream banks has returned stability to two of the Town's waterways.

Our thanks go out to all of the members of the NRCS team who worked tirelessly with us to make sure the projects got done, and who shepherded the Town through what was often a complicated and frustrating process. We would also like to thank those landowners who, with the common good in mind, allowed us to cross their properties in order to get to the waterways to do this very necessary work.

#### **Property Revaluation**

The State of New Hampshire required Langdon to conduct a property revaluation in 2006 due to recent land and building sales prices significantly outstripping existing valuations. The disparity between the prices paid for sales properties versus established property values caused the Town's equalization ratio to plunge. The only way to reestablish a level footing for all properties was to move forward with the reassessment. Because we had done a full-scale revaluation just five years prior, it was agreed that the best means of proceeding would be to conduct a statistical update in order to spare the taxpayers any undo expense.

Our assessing firm, Commerford Nieder Perkins (CNP), conducted the bulk of the revaluation work during the summer. This included visiting all properties sold within a two-year time frame, reviewing all properties associated with new building permits, and conducting visual, exterior examinations of all other properties. Reviews were concluded in early September, and later that month we approved the initial valuation figures. Property owners then had the opportunity to meet with CNP in late October to discuss their new valuations.

We feel that the revaluation was very well done, and that all properties across the entire town have been appropriately and fairly assessed. Our grand list is now reflective of true market values for land and buildings, and we are pleased with the work done by CNP.

We will be required to conduct another property revaluation in 2011 in order to comply with state law. At that time we will most likely have to go through the full process, which will include interior inspections of homes and exterior measurements. It is never too early to begin planning for such an undertaking, and because of the expense associated with full revaluations it is important to be aware of the future financial implications on the Town.

# **Building Committee and Bond Issue**

Developing a plan for Langdon's facilities was a painstaking and time consuming undertaking for members of the Building Committee. However, after months of meetings and discussions, the committee came up with a plan for the construction of a new fire station and upgrades and repairs to be done at the former Baker Building and the Town Hall. These ideas were presented to the taxpayers in two separate hearings conducted in the latter part of the year.

At the first hearing, great concern was expressed over the proposed \$1 million bond to fund the projects in question. The taxpayers made it clear that the amount proposed was too high, and also questioned whether some of the upgrades proposed for both the former Baker property and the Town Hall were truly necessary. As a result, the committee fine-tuned its plans and cost estimates, and later held a second hearing to discuss its revised conclusions with residents. At the second hearing it was made clear by those present that the town should proceed with construction of a new fire station, retain ownership of the

former Baker property in order to house town offices and potentially generate income from rental space, and proceed with appropriate repairs and renovations to the Town Hall.

As a board, we took over the process of getting cost estimates and listing essential projects for the facilities following the second hearing. We were able, with the assistance of Rob Chamberlain, to whittle down costs on the fire station to lessen the potential impact on property tax bills, while still, we believe, giving the majority of townspeople what they have asked for. Our proposal is for a \$400,000 bond or municipal loan to build the fire station (\$250,000), address safety issues and other general projects at the municipal building (\$110,000), and to replace second floor windows, repair the steeple and upgrade the heating and electrical systems at Town Hall (\$40,000).

It is our hope that the townspeople will see these projects as a great opportunity; this is the first time that we as a community have had the chance to put in place long-term plans for the future for relatively minimal cost. We doubt that we may ever have another such opportune time to achieve such large results, and hope that the majority of the townspeople will vote in support of these important and needed projects.

Our thanks go out to all of the members of the building committee who toiled to provide us with the framework for this plan. Their efforts and time were greatly appreciated.

#### Solid Waste

We began seriously exploring the Town's options for trash disposal and recycling in 2006 due to the looming dissolution of the Solid Waste District in July 2007. As a result, we opened a dialogue with other area towns aimed at trying to find ways to achieve economies of scale through partnerships.

Langdon continued to have a substantial amount of tonnage hauled away from the transfer station in 2006. It is our hope that by partnering with another town or towns we will be able to reduce our waste disposal costs while at the same time increasing recycling. We are actively considering the idea of instituting a pay-per-throw system like that currently in place in Walpole to help us control our tonnage, promote recycling and thus reduce our expenditures.

There are many considerations where solid waste is concerned. However, with our current contract coming to a close so soon, it is time to take a proactive stance that will not only lessen the burden on taxpayers but also improve efforts to preserve and protect our environment.

# **Hazard Mitigation**

We worked with Southwest Region Planning Commission (SWRPC) throughout the year to draft a Hazard Mitigation Plan for the Town. During the process, committee members

identified potential natural and manmade hazards that could have an impact, financial and otherwise, on the Town and its people.

By developing this plan, Langdon is now eligible to receive state and federal funding assistance in the event of a disaster. Additionally, we will be able to apply for funding through grant programs to get equipment and other items that would be of benefit during an emergency situation. As an example, we will be able to apply for grant monies to purchase cots and blankets, generators and other supplies that will hopefully enable us to outfit a portion of the municipal building as an emergency shelter.

The final draft of the Hazard Mitigation Plan was completed by the committee late in the year, and was then sent to FEMA for review. Our thanks belong to Nic Bosonetto of SWRPC for his work in guiding the direction of the committee and for drafting the overall plan, as well as to the members of the committee who gave of their time and expertise to make sure that Langdon will be able to benefit from available funding sources in the future.

#### Need for Volunteers

As always, there continues to be a great need for residents to volunteer their time to sit on various committees and boards. Without community participation, our ability to manage growth and accomplish town-wide goals is significantly hindered. Please step forward to serve your community.

Respectfully,
Clarence Koss
John Revilla
Robert Cunniff
Langdon Board of Selectmen

# Road Agent's Report 2006

The road agent for Langdon declined to submit an annual report for this publication.

## Langdon Police Chief's Report 2006

The Langdon Police Department had a busy year dealing with day-to-day operational issues. As most residents are probably are aware, there was an increased level of patrol as we continued trying to control the speed of motorists on our roads. Our officers are not out to give anyone a hard time; we are trying to take a proactive approach because it is a lot less time consuming to slow people down than to deal with a motor vehicle accident. Please obey the posted speed limits.

This year the Police Department, in conjunction with the Selectboard, Planning Board, Fire and Highway Departments, attended meetings with Nick Bosonetto of Southwest Region Planning Commission to develop a hazard mitigation plan for the town. This plan deals with manmade and natural disasters. A draft of that plan was completed at the end of October.

We had one Officer attend a week-long prosecutor class in Concord this year. Officer Greenleaf will be responsible for all misdemeanor and violation complaints and arraignments that go before the court.

Now that the Police Department has some semblance of a real police station, we need to support the plan that the Building Committee has come up with so that not only members of the force, but also the taxpayers, can take pride in our facilities as inhabitants of the Town of Langdon. We need to take care of the space needs of all the dedicated and unselfish employees and volunteers who give so much of themselves for the good of everyone in this town. The jobs they do are for very little or no money, and primarily for the love of the town that they live in. Some have given of themselves for many years and sometimes have been taken for granted, so please support the plan that the Building Committee has worked very hard for the last two years to come up with.

I would like to take this time to thank the townspeople for their continued support over the years.

The following are some of the items we dealt with over the year.

School Incidents	5
Motor Vehicle Stops	380
Motor Vehicle Accidents	14
Summons Motor Vehicle	52
Burglaries	2
Domestic Disputes	4
Assist Other Agencies	15

Respectfully Raymond L'Abbe Langdon Chief of Police

### Langdon Fire Chief's Report 2006

The Langdon Fire and Rescue Department responded to 73 calls in 2006.

Rescue Calls	47	Telephone Pole Fire	5
First Alarm	3	Tree and Wires Down	1
Mutual Aid	6	Tree on Wires	2
Bomb Threat	2	Investigate Propane Odor	1
Car Fire	2	Assist Police	2
Automatic Fire Alarm	5		

Through regular training sessions, meetings, drills and classes our fire and rescue department continues to improve its skills. We hold weekly training sessions to practice these skills and techniques. Seven of our members were re-certified in CPR. Three members were re-certified as First Responders. Training was conducted on the 10 new self-contained breathing apparatus and put into service. Each individual firefighter trained to use the SCBA will have his or her own fitted mask.

The fire and rescue department has stayed active in the community. We visited the Sarah Porter School and the Early Learning Center to teach fire prevention. We again participated in the FMRHS homecoming weekend festivities and assisted with the bonfire. Before the Prom in May, the Langdon Fire and Rescue Department participated in the Cat Shock Program at FMRHS. This is a drug and alcohol awareness program involving a simulated car accident with injury and death. All the fire and rescue departments within the district are invited to participate.

The new fire truck is currently being built and should be delivered this spring. Maintenance continues to be performed by the department members on the fire trucks, equipment and station.

In addition to our regular yearly purchases, the fire and rescue department bought several major items: a set of jaws, two Honda generator lights and a stair chair.

We had two major fund raisers this year. The first was a motorcycle ride event and the second was the Covered Bridge Festival. Unfortunately, we could not hold our annual Mother's Day Breakfast due to lack of facilities; we do look forward to having it this year. Money made from these events helps fund needed equipment purchases.

As always, I would like to thank all of the members for unselfishly giving their valuable time to our community fire and rescue department. The commitment and dedication shown by our members is something to be very proud of. I would like to thank the Langdon Police and Highway Departments for working so closely with us. Lastly, I would like to thank the community members for their continued support.

To report and emergency, you may either dial 911 or 352-1100.

Respectfully submitted, Greg Chaffee Langdon Fire Chief

# Forest Fire Warden's Report 2006

Again....a very quiet year in Langdon. We had no forest fires. THANK YOU!!

Deputies Chaffee, Cheeney and I attended our state training class on command for large incidents. Hopefully we won't have a reason to use this.

We have new, updated handouts that include that rules for burning with permits. If anyone would like one, please contact us. A handout will also be issued with all new permits.

Please contact us if you have any questions.

Sincerely, Fred P. Roentsch Forest Fire Warden

## **Building Inspector's Report 2006**

The year of 2006 continued to show steady growth of new homes and buildings in the Town of Langdon.

We continue to use the Langdon Building Code and the International Conference of Building Officials (ICBO) for the guidelines of our residential homes and buildings. Copies of the Langdon Building Code are available through the town office for a fee.

The following is a list of active permits issued in 2006:

Residential foundations with garage	2
Residential homes with garage	2
Residential homes	4
Residential foundations	7
Garages	5
Sheds, additions, decks	9
Certificate of Occupancy	4

Thank you for your continuing cooperation. I am looking forward to serving you in 2007.

Respectfully submitted, Everett Adams Langdon Building Inspector

## **Langdon Planning Board Report 2006**

We were at the beginning of a new year in 2006 and reelected the same slate of officers:

Pat Breslend

Chairman

Everett Adams

Vice Chair

Bob Polcari

Recording Secretary

Marilyn Martin

Byron Niles Gerry Henry

Ex Officio

Bob Cunniff
Estelle Adams

Secretary

The last year was a busy one. We worked on regulation books and other printed matter to get all of our information up to date and all board members on the same page. We received a lot of help from Marilyn Martin, and Gerry Henry put the building regulations into electronic format. We set up changes and a public hearing for a new schedule of fees, and following the public hearing the Selecboard voted to pass these changes.

We made a lot line adjustment on the Cold River Road property of Martha Walsh from the Drew property that borders the Great Brook.

Pat Breslend and Byron Niles attended the spring Planning and Zoning Conference in Manchester, NH. We received a lot of information helpful to the town and other board members.

We had a meeting that included information on a tract of land in town and possibly some cluster housing or other development.

We are looking forward to this year, during which we plan to work with zoning and on a capital improvement plan. We have been in touch with Southwest Region Planning Commission and receiving guidance on these matters.

The Planning Board is a unique group of individuals, and I am hoping that they all stay on in 2007 to continue their fine work.

Respectfully, John P. Breslend Planning Board Chairman

# **Zoning Board of Adjustment 2006 Report**

The Zoning Board of Adjustment meets on the 2nd Tuesday of each month (except Town Meeting day in March) at 7:30 PM at the Town offices, Baker Bldg., Rte. 12A, at the discretion of the Chairman. Meetings are open to the public and all interested parties are invited to attend.

In 2006 the following matters were before the Board or otherwise considered:

- During the first four months of the year the Board held public hearings and acted on appeals and rehearing motions by Jonathan Landry and by abutting property-owners Jeffrey and Heidi Cushing and Ronald and Carin Plummer relating to a building permit applied for by Mr. Landry and the application of the Town Zoning Ordinance and State statutes to gravel excavation activities. The Board's actions upheld the grant of the building permit and denied application of the gravel excavation laws. Both issues then became the subject of litigation proceedings in the NH Superior Court.
- In July Cold River Materials, a division of The Lane Construction Corporation, applied for and was granted renewal of its special exception and excavation permit for its operation off of Cold River Road. The renewal was granted for a two-year period ending June 30, 2008.
- In August a variance was granted to Pierre D. Martinet, 92 Currier Road, from the Building Code provision requiring accessory buildings to be 50 feet from a public right-of-way, to enable the building of a garage at the end of the road with a 35 foot minimum distance.

Membership of the Board in 2006 was Carroll D. French (term expiring 2007), Curtis Taylor (term expiring 2007), Russell Lacroix (term expired in April and Mary Henry was appointed for a three-year term in his place), Clarence Koss, the ex-officio Selectmen member, and Michael Kmiec (term expiring 2008). At its meeting in May the Board elected Mary Henry as Vice Chairman and Clerk. The regular membership of the Board is five, with up to five alternate members.

Respectfully submitted, Carroll D. French Zoning Board of Adjustment Chairman

# Shedd Porter Memorial Library Alstead, New Hampshire Annual Report 2006

Once again the Alstead library was the recipient of a \$1,200 grant for juvenile books from CLIF, the Children's Literacy Foundation. Located in Waterbury Center, Vermont, and under the direction of Duncan McDougall, this organization makes books available to rural libraries, bookmobiles, prisons and shelters.

"Beware! The Pirates of the Cold River" was the theme for this summer's reading program. We enjoyed a visit from author-illustrator Tracy Kane, who took us through the steps of how a book is made. She also helped is build a fairy house and caves. Betsy Bennett from the Nature Museum in Grafton, Vermont shared her knowledge of the New England seacoast. Richard Yeatman was "The Pirate." "Aaargh! Shiver me timbers!" We made treasure maps with Bronwen Jones. One rainy summer day we created pressed flower bookmarks. Our story time readers were Betty Whipple, Bob Cunniff, Jocelyn Morrison and Judy Boivin. Thanks to all for your help. Also, thanks to kindergarten teacher Lorraine Chaffee for her great decorations.

Thanks to all the many people who have made donations to the library: Miss Catherine MacDonald for the Marquis George McDonald Foundation of New York, the Lufkin family, Mr. Ward Archer and friends of California, the Maltby family of NYC, Bob Cunniff of Galloway Tours and Services, Royal Holmes and the Shorts.

Thanks to Wendi Pacek for telling us about the eight free bookcases at Video Headquarters in Keene.

Thanks to my assistant, Peggy Fullam, and subs, Geale Klein, Lark Leonard, and Verna Niles for all of their help. Thanks also to the Trustees and the people of Alstead and Langdon for their continued support.

Sincerely, Julia Cunniff Librarian

#### The Cold River Local Advisory Committee

Towns in the watershed: Acworth, Alstead, Charlestown, Langdon, Lempster, Marlow, Unity, and Walpole

The Cold River Local Advisory Committee (CRLAC) consists of citizen representatives appointed by selectboards from Acworth, Alstead, Langdon, Lempster, and Walpole. The CRLAC supports municipal boards and is developing a Watershed Management Plan that will assist towns in managing water resources. The committee also reviews river corridor projects needing state and federal permits and investigates related issues of local or statewide significance.

#### CRLAC ACCOMPLISHMENTS IN 2006:

### 1. Municipal Conservation, Planning & Health Assistance

- > Received grant funding for our work in the watershed on protection plans for drinking water sources at schools.
- Continued work on a voluntary watershed management plan for the Cold River.
- > Completed outreach visits to the Acworth, Alstead and Lempster Conservation Commissions regarding post-flood environmental issues and our water quality monitoring program.
- > Hosted a joint meeting with Alstead Planning Board, Conservation Commission and Selectboard representatives regarding post-flood environmental issues.
- > Reviewed and commented on numerous river corridor rebuilding projects on a local and state level.
- Assisted Alstead with the resolution of a Lake Warren water quality degradation issue.

#### 2. Workshops, Events & Education

- Participated in DES' May 2006 public informational session on post-flood environmental issues.
- Presented The Health of Our Streams and the October 2005 Flood at the Alstead Primary School.
- Provided watershed and water quality information at the Lake Warren Association annual meeting and the CT River Joint Commissions' Wantastiquet Region meeting in April.
- Completed the Atlas of the Cold River and the Cold River Watershed for public distribution.
- Hosted two field trips to the flood-damaged areas and water quality monitoring sites for Leland & Gray 8th graders from Townshend, VT.
- Presented Water Resources in the Cold River Watershed at St. John's Episcopal Church in Walpole.
- Walpole.

  > Interviewed with local radio, newspaper and television representatives about flood recovery.
- Participated in the 2006 NH Watershed Conference and Alstead Festival.
- Assisted Alstead Historical Society with the assembly of flood-related photos and a review of portions of Too Much Water, Too Much Rain, documenting the 2005 flood and its aftermath.

#### 3. Water Quality & Quantity Monitoring

- > Completed the initial phase of our comprehensive surface water characterization program.
- Prepared a summary of the successes and challenges of the monitoring program for the inaugural DES newsletter Streamlines.
- Completed three "routine" and three additional water quality and stream stage monitoring events on the Cold River and its tributaries as part of NH's Volunteer River Assessment Program (VRAP).
- > Added new sampling sites at Newell Pond, Warren Brook and Dodge Brook.
- > Solicited and received DES funding for additional bacteria, nutrient, salt and metal analyses.
- Represented the Cold River on the NH Stream Gauging Task Force in Concord

The Advisory Committee welcomes your participation on any of our projects. We meet on the third Thursday of each month, 7- 9PM, usually in the Alstead Town Offices. We are very grateful to Alstead for offering us this meeting space. To be on our email notices for workshops or water quality monitoring events, please call any LAC member.

Two long time board members stepped down this year. We wish to express our deep appreciation for many years of service to Howard Weeks of Alstead and Pam O'Hara of Walpole.

#### Sincerely,

Deborah Hinman, Chair (835-2309) and Jennifer Polcari, Vice Chair (835-2376)
